# Indulgent

## Indulgent. Luxurious. Different.

Castle House is one of Wales' newest and most ambitious bed & breakfast locations.

A commitment to quality, attention to detail, stunning décor and breathtaking views makes Castle House Bed & Breakfast perfect for the visitor with an eye for the unusual!

Castle House is a substantial, Grade 2 listed former gentleman's residence dating back to 1820 with magnificent views across the Clwyd Valley towards The Clwydian range of mountains, designated an Area of Outstanding Natural Beauty.

# Luxurious

Castle House facilities have been designed as much for the comfort of the discerning businessman, as for meeting the needs of families and individuals who come from throughout the UK, Europe and beyond to explore the stunning sites and attractions of North Wales and surrounding area.

Castle House is surely one of the most uniquely historic bed & breakfast locations in the UK, featuring as part of its own garden a significant part of Denbigh's ancient town walls, as well as the evocative ruins of a 16th. Century Cathedral built by Robert Dudley, Earl of Leicester.

# *Different*

*much more than Bed & Breakfast*

Castle House offers three individually designed and magnificently appointed bedrooms, a romantic lounge and a graceful dining area which also offers scrumptious afternoon teas and speciality catering for meetings and small events, using local produce and supplies.

Evening meals available by prior arrangement, from quality 2 courses to candlelit 5 course dining available.
